

NOTICE OF ADVERTISEMENT FOR BIDS

The Boca Raton Airport Authority (“BRAA”), is seeking bids from General Contractors until the hour of **2:00 PM**, Local Time, on **Wednesday, December 10, 2010**, for Task 18/23 - North Airfield Security Access Gate. The work generally consists of: paving an access road from the existing parking lot, roughly 75 linear feet, to the existing interior airfield service road; and a motorized security gate (16-foot width) with primary electric power from an existing power pedestal west of the site adjacent to Gate 23. The new security gate will include access controls, CCTV and fiber optics. An emergency generator will be installed to provide back-up power for the new security gate and BRAA’s offices.

The Invitation to Bid may be found at www.bocairport.com.
